CAREER AT A GLANCE

Results-driven Senior Data Analyst with 7+ years of experience in delivering high-impact analytics solutions, developing automated reporting frameworks, and enabling data-driven decision-making. Skilled in translating complex business requirements into scalable data models and intuitive visualizations. Proven track record of enhancing data visibility, improving reporting efficiency, and influencing key business outcomes. Recognized for strong analytical thinking, attention to detail, and effective stakeholder engagement. Passionate about evolving into a data solutions developer role, focused on building scalable and performance-driven data systems.

KEY SKILLS AND TOOLS

- ✓ Expert capabilities in **Excel**, Google sheet with formulas, VBA, Power Query {M} coding, Power Pivot, and Office Scripts
- ✓ **Power BI** solutions for Business Intelligence and Data Visualization.
- ✓ Strong **SQL** proficiency in writing optimized SQL queries for data extraction, transformation, and analysis
- ✓ Process Automation & Low-Code Solutions with **Power Automate** and Power Apps to streamline workflows
- ✓ Foundational knowledge of Python with hands-on exposure to **Pandas** and **NumPy**

DOMINE KNOWLEDGE

Medical Insurance (RCM) Revenue Cycle Management & Finance

HR, HRPB Services and Resource Management analytics

WFM, with FinTech exposure

PROFESSIONAL EXPERIENCE – KEY CONTRIBUTIONS

RCM – Data Driven Solutions

- ✓ Built KPI dashboards covering Days in AR, Denial Rate, Collection Efficiency, and Net Collection Ratio.
- ✓ Collaborated with cross-functional teams (Operations, Finance, and Billing) to deliver data-driven solutions improving revenue cycle efficiency by producing **Appointment report** and **Unbilled report**
- ✓ Developed **AR Aging dashboards** in Power BI to monitor outstanding receivables, identify bottlenecks, and accelerate collections.
- ✓ Created **Denial Analysis reports** to identify root causes, track patterns, and improve claim acceptance rates.

HR BP Service of Shared service Partners

- ✓ Developed and maintained a Headcount (HC) Budgeting Dashboard with variance analysis against actuals, supporting workforce planning and HR decision-making.
- ✓ Delivered training on Power BI and reporting automation, enhancing team capability and reducing manual reporting effort.
- ✓ Played a key role in digital transformation initiatives, migrating manual Excel reports into scalable BI solutions using Power BI and Qlik Sense.

WFM Operational & Analytical Reporting

- ✓ Designed and maintained **daily pendency reports** to track aging and unresolved tickets, enabling proactive issue resolution.
- ✓ Delivered **ad-hoc analytical reports** for cross-functional teams including **Training, Operations, and Strategy**, supporting business-critical decisions.
- ✓ Built **dynamic, real-time incentive tracking reports** in Google Sheets to monitor agent earnings against performance targets.
- ✓ Produced **daily headcount and occupancy reports**, providing insights into workforce utilization across teams.
- ✓ Built weekly analytical dashboards to track ticket inflow, CSAT trends, and key operational KPIs
- ✓ Streamlined and automated **data processing workflows**, improving efficiency, accuracy, and visibility

ORGANIZATION

HH BOS – Senior RCM Analyst (12/12/2024 to Present)
Vodafone (Horizontal Payroll)- Data Analyst (09/26/2022 to 03/15/2024)
Jupiter Money (Fin-Tec) – Sr MIS Executive (11/25/2021 to 07/29/2022)
Conduent – Transaction Analyst (07/19/2017 to 08/19/2018)

ACHIVEMENTS

High-Level Business Impact & Achievements

Enhanced operational performance by automating manual reporting processes into scalable BI solutions, improving revenue realization and minimizing receivable gaps. Delivered high-impact business solutions by automating reporting workflows, contributing to improved collections and optimized revenue cycle performance. Improved operational proficiency through reporting automation, enabling better visibility into receivables and supporting revenue optimization initiatives.
